Moratorium and Contingency Provision - Provision in connection with COVID-19 Regulatory Package

RBI had, vide its notification RBI/2019-20/ 186 DOR.No.BP.BC.47/21.04.048/2019-20 dated March 27, 2020 recommended a provision of 5% of the Moratorium Portfolio in March 2020 and an additional provision of 5% in June 2020. As a prudential measure, the Company has made the entire 10% provision in March 2020, equivalent to INR 33 MN. In addition, conservatively the Company has created a COVID-19 contingency provision of 1.5% against receivables under financing activity, amounting to INR 102.9 MN, to take care of any unforeseen impact on the business.

## COVID-19 Regulatory Package - Moratorium Policy

Pursuant to the RBI circular (RBI/2019-20/ 186 DOR.No.BP.BC.47/21.04.048/2019-20 dated March 27, 2020) on COVID -19 Regulatory measures, the Company has adopted a Board approved Moratorium Policy (Policy) on March 31, 2020 whereby, except for AE customers who were granted moratorium based on specific requests, all other categories of customers were granted Moratorium by default, with an opt out option. As of March 31, 2020, the Company had granted moratorium to 728 customers across AE, FPO and Retail verticals for the dues payable in March 2020.

## Company Overview

The Company was incorporated in the year 2014 as a private limited Company under the provisions of the Companies Act 2013, in Chennai. Samunnati, a non-banking financial company (NBFC) registered with Reserve Bank of India, is a specialised Agri Value Chain enabler that provides innovative and customised financial and non-financial solutions. The Company was founded by Anil Kumar SG who began his career as a banker, with experience of over 27 years in the rural & retail financial services, microfinance, and financial inclusion sectors.

CIN: U65990TN2014PTC096252

REGISTERED OFFICE ADDRESS: BAID HI TECH PARK, 8TH FLOOR, NO 129 B, EAST COAST ROAD, THIRUVANMIYUR, CHENNAI - 600 041, TAMIL NADU

Website: www.samunnati.com E-mail:secretarial@samunnati.com Phone: 044-66762400

Samunnati leverages on the 'social capital' and 'trade capital' in buyer-seller relationships via Samunnati Aggregators<sup>1</sup>, through non-traditional sourcing, risk assessment and mitigation, aided by cutting edge technology and an experienced management team with deep domain expertise. All these contribute to building a quality business that is sustainable and inclusive growth. These values are embedded in the genetic code of the Company and demonstrated in the way the Company's processes operate.

With an aim to offer holistic, suitable solutions to the agri-value chain players, Samunnati Agro Solutions Private Limited ("Samunnati Agro") was incorporated on 14<sup>th</sup> October 2016 as a wholly owned subsidiary of Samunnati Financial Intermediation & Services Private Limited. Samunnati Agro offers trade facilities and market linkages to agri-value chain players.

With an institutionalised framework in place, the Company and its subsidiary is present in over 50 value chains across more than 16 states.

The Company has also incorporated Samunnati Foundation, a Company incorporated under Section 8 of the Companies Act 2013, as the CSR arm of the Company. The Company was incorporated on March 9, 2020 and had not commenced operations as of March 31, 2020.

## Challenges & Gaps in Agriculture Financing

Agriculture and agriculture-based enterprises are unlike any other businesses, entailing risks related to production, weather, prices and policy. This, coupled with lack of financial data about agribusinesses and smallholder farmers, makes it difficult to adopt conventional methods of credit assessment for financial institutions. Most plain vanilla financial products are ill-suited to the cash flow requirements of an agribusiness, which is often cyclical in nature and varies from crop to crop and region to region.

Moreover, while there has been large-scale government focus on agriculture sector and priority sector lending norms in India, both microfinance institutions and banks have been unable to adequately meet the financial needs of agricultural value chain players.

To ensure a sustainable and vibrant agricultural ecosystem, government policies and financial interventions need to be augmented and facilitated by other non-financial services, such as advisory services and market linkages. Availability of these services and linkages will enable development across the Agriculture value chain.

### Samunnati's Approach to Agriculture Financing

In addition to financial interventions, Samunnati offers co-financial and non-financial services to its customers. Samunnati follows AMLA (Aggregation, Market Linkage and Advisory Services) approach to provide holistic solutions to its customers.

<sup>&</sup>lt;sup>1</sup> Samunnati Aggregators are key partners who possess trade capital and social capital and whose interests are aligned with that of Samunnati. They give Samunnati access to potential clients with social capital and trade capital and also substantially participate in the risks in dealing with such clients.

## Material Changes and Commitments, if any, affecting the financial position of the Company:

Your Company has not made any significant material changes and commitments during the financial year 2019-2020.

#### Dividend

The Directors of the Company do not recommend for any dividend for the year under review.

#### Transfer to reserves:

Your Company has transferred 2.10 crore (20% of PAT) to statutory reserve as required u/s 45-IC of Reserve Bank of India Act, 1934.

## Change in the nature of business, if any:

There were no changes to the nature of business of the Company during the financial year 2019-20.

## Non - Acceptance of Deposits

During the year under review, your Company has neither invited nor accepted any deposits from public in terms of Section 73 of the Companies Act, 2013 and consequently, no amount on account of principal or interest on deposits from public was outstanding as on March 31, 2020.

## Internal financial control over financial reporting:

The internal financial controls with reference to the Financial Statements are commensurate with the size and nature of business of the Company. Further, the internal financial control system of the Company is supplemented with internal audit, regular reviews by the management and checks by the Statutory Auditors. It provides reasonable assurance in respect of providing financial and operational information, complying with applicable statutes, safeguarding of assets of the Company, prevention and detection of frauds, accuracy and completeness of accounting records and ensuring compliance with the Company's policies. The Audit Committee monitors this system and ensures adequacy of the same. The Statutory Auditors of the Company also provide their opinion on the internal financial control framework of the Company.

During the year, no material or serious omissions and commissions have been observed by the auditors, reflecting the efficiency and adequacy of internal financial controls. The details of adequacy of Internal Financial Controls are given at length in the Management Discussion and Analysis Report.

#### Cost Auditor and Cost Audit Report:

The Company did not fall under the ambit of section 148 of the Companies Act, 2013 during the year under review.

## Secretarial Audit and Secretarial Audit Report:

Pursuant to Section 204 of the Act, the Board of Directors had appointed M/s. BP & Associates, Company Secretaries, to undertake the Secretarial Audit of the Company for the FY 2019-20. The Secretarial Audit Report in the prescribed form MR-3, is annexed as Annexure IV.

There are no qualifications, reservations or adverse remarks or disclaimers made by M/s. BP & Associates in their Secretarial Audit Report dated July 02,2019.

## Compliance with the Secretarial Standards

The Secretarial Auditors of the Company has confirmed that the Company has complied with the applicable Secretarial Standards issued by The Institute of Company Secretaries of India.

## **Internal Audit**

The Company has an internal Audit department and the head of the department reports to the Audit Committee of the Company. In line with the requirement of Section 138 of Companies Act read with Rule 13 of Companies (Accounts) Rules 2014, the Board of Directors at the meeting held on May 22, 2019, appointed M/s. T.R. Chadha & Co LLP, Chartered Accountants (Reg.No. 06711N/N500028) as the Internal Auditors of the Company for FY 2019-20.

The Internal Auditors of the Company carried out the internal audit and confirmed that the checks and control systems prevalent are commensurate with the size and turnover of the Company. The significant observations from the internal audit are tabled to the Audit Committee on a quarterly basis.

## **Information System Audit**

In line with the requirements of RBI's Master Direction on Information Technology Framework for the NBFC Sector, 2017 your company was required to appoint Information system Auditor to examine and confirm the effectiveness of controls that are in place to ensure confidentiality, integrity and availability of the Company's IT infrastructure.

Accordingly, the Board at its Meeting held on May 22, 2019, approved the appointment of M/s RGN Price & Co (Firm Registration No. 002785S) as Information Systems Auditors of the Company for FY 2019-20. The Information System Auditors conducted the Information System audit and confirmed the Company is in compliance with all applicable regulations as prescribed by the RBI. The observations from the IS Audit are tabled to the Audit Committee on an annual basis.

# Disclosure on establishment of vigil mechanism/Whistle Blower policy

The Company believes in the conduct of the affairs in a fair and transparent manner by adopting highest standards of professionalism, honesty, integrity and ethical behavior. The Company has implemented a vigil mechanism to provide a framework for the Company's employees and Directors to promote responsible and secure whistle blowing.

The Company has established a Board approved policy on the whistle blowing and separate email addresses are designated where in the employees or the stakeholders can report the matters falling under the purview of Vigil Mechanism. There were no complaints received as on March 31, 2020.

#### Management discussion and analysis report - Our Business

#### a. Industry structure and developments

Agriculture and allied sectors are critical in terms of employment and livelihoods for the small and marginal farmers, who dominate the agriculture ecosystem in India. About 58% of India's population are dependent on agriculture as their primary source of income and smallholder farmers (less than 2 hectares of land) constitute 85% of total farmers according to the Economy Survey 2019-20. In this context, a combination of measures is required to promote the livelihood of small holder farmers and ensure a sustained growth in the agriculture sector.

## b. Opportunities & Threats

Agriculture and agriculture-based enterprises are unlike any other business, entailing risks related to production, weather, prices and policy. This, coupled with lack of financial data about agribusinesses and smallholder farmers, makes it difficult to adopt conventional methods of credit assessment for financial institutions.

There has been an increase in the penetration of technology at farm level. The sector saw a greater facilitation of electronic payment systems and branchless banking, which reduces transaction costs for both service providers and consumers.

There was a rise in export-import financing to exporters and importers helping in better risk management, improved credit terms and faster turnaround time. Financial institutions increasingly engaged portable smart technology to establish identification and monitor clients. This saw significant alleviation in information asymmetries and helped improve loan repayment rates.

The Government of India announced a total budgetary provision of Rs 4,496 crore for five years (2019-20 to 2023-24) with a further committed liability of Rs 2,369 crore for the period from 2024-25 to 2027-28 towards handholding of each FPO for five years from its aggregation and formation. These FPOs will be promoted under 'One District One Product' cluster to promote specialisation and better processing, marketing, branding and export prospects and priority will be given for formation of FPOs in aspirational districts in the country.

CIN: U65990TN2014PTC096252

REGISTERED OFFICE ADDRESS: BAID HI TECH PARK, 8TH FLOOR, NO 129 B, EAST COAST ROAD, THIRUVANMIYUR, CHENNAI - 600 041, TAMIL NADU

Website: www.samunnati.com E-mail:secretarial@samunnati.com Phone: 044-66762400

Furthermore, a credit guarantee fund of up to INR 1000 Cr in National Bank for Agriculture and Rural Development (NABARD) with equal contribution by DAC&FW (Department of Agriculture, Cooperation and Farmers Welfare) and NABARD; and a Credit Guarantee Fund of Rs 500 crore in National Cooperative Development Corporation (NCDC) with equal contribution by DAC&FW and NCDC for providing suitable credit guarantee cover to accelerate flow of institutional credit to FPOs has been announced. These funds will minimize the credit risk of financial institutions lending to FPOs.

Government has offered financial support and fiscal incentives for creation of common supply chain infrastructure, like cold chain, dry storage, packaging, logistics, back and front-end infrastructure, expansion of processing capacities, etc. to reduce cost of investment, enhance viability and ensure higher conformity to regulatory standards.

Reserve Bank of India (RBI) had set up an 'Internal Working Group to Review Agricultural Credit" which had recommended that Loan Waivers in agriculture should be avoided. Avoidance of waivers will create a healthy credit profile of farmers and make it easy for lenders to work with borrowers under conditions of certainty.

## c. Vertical wise or sector wise performance of the company

## **Agri-Enterprises**

In FY 2020, Samunnati expanded its AE base to 338 clients with 97 new AE clients were onboard compared to 241 AEs in previous year. In FY 2020, the total disbursements stood at INR 1278 Cr, an 107.9% increase when compared to INR 614 Cr in previous financial year. The average portfolio yield stood at 19.1%. In order to help FPOs realise better price for the farm produce through a transparent mechanism and immediate payment to the farmer collectives, they were directly connected to Institutional Buyers through Samunnati Agro, resulting in value creation for both the market participants.

#### Farmer Producer Organisations (FPOs)

In FY 2020, Samunnati onboarded 121 FPOs, taking the total FPO client base to ~400 FPOs across 19 states in India. Tamil Nadu constituted about 39.56% of the total portfolio in FY 2020 compared to 61.93% in the previous year. Other major driving States having Samunnati's portfolio are Karnataka, Odisha, Maharashtra, & Andhra Pradesh. Samunnati disbursed INR 347 Cr as of March 31, 2020 which is 33.10% more than previous year loan disbursed.

Samunnati, cognizant of core issues and needs of FPOs, continues to develop initiatives under its unique AMLA approach - Aggregation, Market Linkage and Advisory Services to effectively reach out to the farmers via FPOs. Under this, the Company undertook many pilots to engage with and build the FPOs into stronger entities by launching the FPO Input Shop Initiative and Institution Building programs.

# **FPO Input Shops**

In FY 2020, Samunnati launched an initiative for its FPO clients in Maharashtra to create market linkages for inputs (backward linkage). Under this initiative, Samunnati partnered with Deepak fertilisers to take an umbrella dealership for its FPO clients, wherein the FPOs will collectivise the seasonal input demand

CIN: U65990TN2014PTC096252

REGISTERED OFFICE ADDRESS: BAID HI TECH PARK, 8TH FLOOR, NO 129 B, EAST COAST ROAD, THIRUVANMIYUR, CHENNAI - 600 041, TAMIL NADU

Website: www.samunnati.com E-mail:secretarial@samunnati.com Phone: 044-66762400

from its member farmers and will share input demand calendar with Deepak Fertilisers. This arrangement will enable FPOs to act as the dealers and provide the inputs to its member farmers directly at lower cost than the market price.

Samunnati has completed the onboarding exercise of 25 Input Shops (FPOs) with 9 FPOs in FY 2020. This initiative will help FPOs in leveraging the bargaining power to procure inputs at a reduced cost, increase their input business through input demand aggregation, increase ratio of active members/total members and so on. Samunnati plans to further expand this initiative in other states.

## **Institution Building**

In order to build the overall financial viability and institutional sustainability of the FPOs, Samunnati launched a separate team to undertake institution development of the FPOs and their farmer members. The primary objectives of this initiative are to:

- Strengthen the organisation performance of FPOs
- Improve FPO's governance and leadership
- Increase the member base and their active participation
- Adoption of scalable tech-based solutions for efficient management
- Turnover/increase in Profits of FPOs
- Identify business opportunities for FPOs such as contract farming, market linkages, Custom Hiring Centres

In FY 2020, Samunnati identified FPOs and started pilot training sessions in 5 States, namely, Maharashtra, Karnataka, Odisha, Bihar and Madhya Pradesh. Based on the learnings and outcomes of the initiative, this will be further expanded to other FPOs in FY 2021.

## **New Initiatives**

In addition to the solutions offered, Samunnati has set up 3 verticals to offer new/unique solutions enabling stakeholders of the agri-ecosystem to overcome hurdles. These three new verticals will focus on Digitisation, HORECA (Hotels Restaurants and Cafeteria) and Innovations & Product Solutions.

## A. Digitisation

Digitisation is one of Samunnati's key areas of focus to elevate FPO ecosystem to a higher equilibrium. Under this, key areas for pilot has been identified, namely digital toolkit for FPO Management at farm-farmer-FPO levels, application of remote sensing and data-base building. FPO digitisation solutions has been successfully implemented covering areas such as governance, compliance, accounting, member management, workflow management, data warehousing and beyond.

FPO digitisation pilots have been initiated with 11 Farmer Producer Companies across 3 States namely, Karnataka, Tamil Nadu and Maharashtra. All three states have varied agroclimatic characteristics. The team has canvassed over 200 agricultural start-ups; profiled 250+ FPOs on their infrastructure, pressing needs and aspirations.

Website: www.samunnati.com E-mail:secretarial@samunnati.com Phone: 044-66762400

#### B. HORECA

To further strengthen the demand side of the value chain in FY 2020, Samunnati took a strategic initiative to set up a new unit focusing on the Hotel and Retail segment - HORECA.

Since then, Samunnati has initiated relationship with India's leading online marketplace and delivery company for the restaurants. The Company is also in advanced. stage of partnering with restaurant aggregators that run cafeterias/ food court for large institutions. These partnerships would enable Samunnati to engage with entrepreneurs in the value chain. The partnership with aggregators would enable Samunnati mitigate the credit risk through information sharing and an escrow mechanism. Samunnati has also partnered with the online B2B marketplace to engage with kirana stores. Apart from restaurants, the company has also extended financial relationship with the new-age online retailer to provide market linkages for FPO.

## C. Innovations & Product Solutions

Samunnati would continue to introduce new technology solutions to help and better understand our customers. The Innovations & Products team was set-up to pilot new products and solutions that can aid realisation of Samunnati's vision and catapult business productivity to the next level. For instance, Samunnati successfully initiated a pilot initiative called, "Samunnati Pay Card" in FY 2020. The positive outcomes of the pilot has encouraged the Company to build a more robust payment infrastructure, "Samunnati Pay Card Solution V 2.0"- which can digitise the transactions across the value chain.

Stakeholders including FPOs/AEs/Input Merchants/CBOs/Traders/Dairy societies would benefit from pay card solution through real-time & scalable payments to farmers across multiple channels, low transaction costs, reduced logistics costs, higher efficiency caused by reduced frauds, digital documentation of the transactions for better management of fund flows, real time reconciliations & settlements, preparedness for future demand and supply estimation, business planning and analytics that provide understanding of the farmer's financial and other needs.

## SAMUNNATI AGRO SOLUTIONS PRIVATE LIMITED ("Samunnati Agro")

Samunnati Agro witnessed a 69.6% growth in the turnover with INR 592 Cr turnover compared to INR 346 Cr in previous year and trade receivables of INR 166 Cr for the year compared to INR. 108 Cr in previous year. It also ventured into new geographies of Uttar Pradesh, Punjab, Haryana and Delhi in FY 2020 and worked in new value chains such as Fish Meal, Salt, Malt, Broken rice etc.

#### Samunnati Trade Solutions

Samunnati Agro focused on penetrating markets through value chain aggregators like brokers, commodity exchanges. Samunnati Agro also worked with financial companies /Financial Broking companies such as Speed financial and SMC Investments through associate channels to increase its penetration in the agri markets.

Further, Samunnati Agro provided market linkages to corporates such as Suguna Foods Private Limited, Venkateshwara Hatcheries Private Limited (V H Group), Premium Chick Feeds Private Limited, Venky's, The Archer Daniels Midland Company, Octagon Foods LLP, Bannari Amman Group, Mukka Sea Foods

CIN: U65990TN2014PTC096252

Industries Limited, Gokul Agro Resources Limited, and so on through its FPO network and through physical market brokers in FY 2020.

In the government supply space, Samunnati Agro worked along with NCDEX e-Market Limited (NeML). Samunnati provided financial solutions to clients supplying to Kerala Civil Supplies and Telangana Civil Supplies and has entered MOU with Punjab Agri Export Corporation for Kinnow Supplies to enable them and their farmers to connect to various potential consumption markets like Hyderabad, Delhi, Kolkata. Successfully enabled Punjab Agri to sell 35 trucks of Kinnow to the markets.

Samunnati Agro has also entered into agreement with National Collateral Management Services Limited (NCML) for empowering member FPOs to develop grades of various commodity, to enable FPOs to be aware of quality aspects and fair price for member farmers at the time of procurement of goods.

#### Market Linkages

In the FY 2020, 30 FPOs and 22 institutional buyers were onboarded for market linkages across 7 states (Gujarat, Maharashtra, Telangana, Andhra Pradesh, Madhya Pradesh and Tamil Nadu) and have successfully traded 9 commodities via bill-to-ship to model with the gross margin of Rs 0.37 Cr.

#### SAMUNNATI FOUNDATION / CSR POLICY

Samunnati goes beyond business to make a sustainable, positive social, economic, and environmental impact on the lives of the people. The Company envisions sustainable and inclusive development of smallholder farmers and the agriculture ecosystem as a whole.

With the endeavour of equal prosperity to all, Samunnati Foundation as an agriculture ecosystem enabler strives for inclusive and sustainable development of small holder farmers with positive environmental, social and economic impact.

The primary purpose of the Company's CSR philosophy is to contribute to the development of socially and economically challenged communities of the country with specific focus on creating sustainable livelihoods, supporting rural development projects, promoting education and skill development, promoting environmental sustainability, and supporting innovations that largely benefit the agriculture ecosystem.

The CSR activities of the Company are wheeled through Samunnati Foundation, a Company incorporated under Section 8 of the Companies Act 2013. All the CSR activities of the Company are routed through Samunnati Foundation.

In line with the provisions of Section 135 of the Companies Act, 2013 the Company was required to constitute a CSR Committee. Accordingly, the Company has constituted the CSR Committee during the year and the details of the Committee forms part of this Report. The Company has put in place a Board approved Corporate Social Responsibility (CSR) Policy that has also been uploaded on the website (https://samunnati.com/wp-content/uploads/2020/03/CSR-Policy.pdf) The Company was not required to make any CSR expenditure in FY 2019-20 as stipulated under Section 135, due to absence of average

CIN: U65990TN2014PTC096252

profits computed for the three preceding financial years. During FY 2020-21, the Company would be spending on CSR activities in line with its CSR Policy and the requirements of the Companies Act 2013. Corporate Social Responsibilities (CSR) Activities is annexed as Annexure V.

SAMUNNATI AND SUSTAINABLE DEVELOPMENT GOALS

# Samunnati, FPOs and Sustainable Development Goals

The Sustainable Development Goals (SDGs) are an ambitious commitment by world leaders that sets out a universal and an unprecedented agenda embracing economic, environmental and social aspects of the wellbeing of societies. The progress of the world to meet the SDGs, largely depends on India's progress, given the size of our population. India played a prominent role in the formulation of SDGs and much of the country's National Development Agenda is mirrored in the SDGs.

Samunnati Invested in your Growth

The agribusiness sector is well positioned to take a lead in making a significant contribution to achieving the SDGs while prioritising and addressing sector-specific challenges. The agribusiness sector has a clear stake in ensuring the achievement of the SDGs, which is emphasised by its integral role and influence in many crosscutting dimensions including:

- Enhancing livelihoods for farming communities
- Improving access to employment and decent work
- Productivity enhancement in poor earning areas
- Empowerment of women
- Addressing causes of mortality and illness (including a rise of non-communicable diseases and ill health)
- Preserving natural eco-systems
- Building resilience of the poorest to economic, natural, and social shocks
- Strengthening public private partnerships in the agribusiness sector as well as global (and regional) partnerships
- Urbanization overtaking farmland

#### **HUMAN RESOURCES**

As on March 31, 2020, Samunnati Group (the Company and its subsidiaries) has a total of 392 employees on its payroll. To meet the needs of the growing business the Group has onboarded 180 employees in FY 2020 across verticals. Few of the new teams formed in FY 2020 are (i) CSR & Partnerships, (ii) Samunnati Foundation, (iii) Innovations & Product Solutions, (v) Strengthened Marketing Teams etc.,

In FY 2020, new initiatives were undertaken to train and encourage personnel across different functions to enhance their behavioural, as well as, technical competencies.

Samunnati is very conscious of its vision to deliver quality business that is sustainable and results in inclusive growth. The Company achieves this vision through our most important asset, our employees. In line with this, Samunnati focuses on the learning and development to enhance employees' behavioural as well as technical competencies.

As on 31st March'20, the Company had a total employee strength of 312.

**Knowledge Management (KM) Sessions** - a weekly engaging platform wherein an employee with a specific expertise is provided an opportunity to share his/her learnings with the whole Group. This initiative was aimed to boost technical knowledge, presentation skills and leadership capabilities. In FY 2020, 10 KM sessions were organised along with 6 workshops and 12 training sessions.

**Trailblazers** is an initiative to recognise and reward the outperformers with rewards, certificate, badge, and lunch meeting with the CEO.

Besides Trailblazers, there are also other awards to recognise our outstanding performers as well as emerging leaders in Samunnati's Annual Event, "Shrishti".

#### **TECHNOLOGY**

Having envisioned the significance of cutting-edge technology and data driven decision making, the Group implemented two major systems in FY 2020:

Oracle Loans from Oracle Corporation has been implemented as the Loan Management System. This system meets RBI and other regulatory requirements such as limit management, audit trails and so on.

Rapid LOS from Hot Foot Technologies was implemented as the Loan Origination System in Samunnati for the AE vertical. This system will be further extended to all other products gradually. Rapid LOS helps to perform real time validation of PAN No, GST, TIN, Passport, Driving License, Bank Account, Cibil and High Mark bureau scores and enables, better TAT for credit underwriting and helps sustain portfolio quality.

#### **NETWORK ECOSYSTEM**

In FY 2020, Samunnati and the Economic Times, in conjunction with its institutional partners, advisory team and editorial members launched the inaugural edition of the Samunnati - Farmer Producer Organisation Summit & Awards 2019 on 18th October 2019 at ITC Maurya, Delhi

CIN: U65990TN2014PTC096252

REGISTERED OFFICE ADDRESS: BAID HI TECH PARK, 8TH FLOOR, NO 129 B, EAST COAST ROAD, THIRUVANMIYUR, CHENNAI - 600 041, TAMIL NADU

Website: www.samunnati.com E-mail:secretarial@samunnati.com Phone: 044-66762400

The theme for the conference was "Working together for Farmer Centric Growth". The summit brought key stakeholders from FPO ecosystem to celebrate successful FPOs and deliberate on how the ecosystem works together for FPOs' growth.

Some of the Key Takeaways of the Summit include:

- Participation from 300+ stakeholders in the agriculture ecosystem that included policy makers, ag-tech institutions, financial institutions, global thought leaders, NGOs and other development organisations working in the FPO sector. Strong participation from Government of India (SFAC, PM-Kisan, Ministry of Agriculture and National Rainfed Farming Authority)
- 250+ members from Farmer Producer Organisations (FPOs) participated in the event.
- 17 Awards presented to the FPOs and 8 Awards presented to FPO enablers from across the country.

## Awards/Recognition:

During the year, the Company received the following awards/recognition:

Sr. No.	Award	Date	Details

#### d. Outlook

The COVID-19 coronavirus outbreak had originated in the beginning of 2020 and till now has impacted the all the corners around the world. This crisis continues to have rippling effects for the entire global economy including India. The country-wide lockdown has had strong ramifications for various supply chains across India in form of disruptions and for India's poor, including daily wagers and farm workers who form the backbone support to India's agri supply chains in the form of disruption to livelihoods.

At Samunnati, we believe that the most important silver lining of this crisis has been the resilience showcased by agri-sector amid these difficult times despite reported disruptions in many pockets. At Samunnati, we realise and appreciate the fact that because of limited penetration of COVID-19 in rural India during first wave of infection spread, farm operations and agri supply chains have been demonstrating greater scope of social distancing compared to hugely populated clusters and crowded workplaces around urban centers of economic activities.

Samunnati continues to work with FPOs on supply side and with Agri-Enterprises (AEs) on demand side across the country to understand and resolve the issues at ground level and we have strived towards providing market access to producers and timely supply to various value chain players to bridge the gap as much as we can. We continue to believe that agri-sector will continue to offer significant support to India's economy in future as well.

Unique challenges during ongoing COVID-19 crisis have prompted Samunnati to find innovative ways for our clients to connect to other value chain players and the end-consumers. Samunnati has been striving to develop alternative links between end-consumers and households to producers in current extraordinary times. We have been witnessing multiple examples and use cases where we were able to work with our AE clients to support them in reaching out to thousands of households and residential complexes to supply essential commodities including perishable fruits & vegetables as well as staples directly. In addition to this, Samunnati has been able to successfully link farm producers to online aggregators and grocery platforms in some cases, ensuring timely offtake of perishable farm produce and better profit realisation for small holder farmers.

For the upcoming period, the company looks forward to driving a positive growth through new innovations across all the business segments and other allied functions for the year ahead.

The company would aim to generate a dedicated portfolio under sustainable agriculture and FPO vertical utilising the credit guarantees by DFIs and Foundations, respectively. Risk management will continue to remain an integral part and would be further strengthened by setting up robust monitoring and NPA management strategy. The company would continue to invest in the new initiatives and innovations that are poised to play a vital role in the new normal

# e. Risks & Concerns

The Company has adopted an ERM Framework which defines the Risk Appetite metrics aligning with the strategy of the Company, and has also focused on its governance, with well-defined procedures. The framework provides for processes and policies by which our exposures in new products, value chains and sectors are regulated and reviewed. Management Committees have been constituted to periodically review the portfolio quality and overdues.

#### Approaches to Risk Management

- a) Account Acquisition This involves careful selection of customers based on its defined credit policy. Clear definition of prudential norms in terms of client wise exposures, sector wise exposures are de-fined and monitored through a strong governance mechanism
- b) Account Management Considering the nature of customers who are repeat borrowers under revolving credit facility, the account management is done through periodic visits to ensure completion of post sanction covenants, ascertain end usage of funds and assess early warning signals.

Website: www.samunnati.com E-mail:secretarial@samunnati.com Phone: 044-66762400

- c) Portfolio Management Sound NPA management strategy has been put in place to ensure the risk appetite as defined by the Board are adhered to. Portfolio triggers and mechanisms to ensure fresh slippages are well within the desired levels have been put in place.
- d) Fraud Management A Framework has been put in place to filter and sieve red flags and loss events, and protect the portfolio from fraud events / occurrences. Patterns, pointers, triggers are all documented so that the prevention and deterrence of fraud is addressed at all levels, organisation wide.
- e) Risk Architecture The framework is guided by the tenets which are elicited below.
  - a. Governance and Culture: Governance sets the organisation's tone, reinforcing the importance of, and establishing oversight responsibilities for, enterprise risk management. Culture pertains to ethical values, desired behaviors, and understanding of risk across the organisation.
  - b. Strategy and Objective-Setting: Enterprise risk management, strategy, and objective-setting work together in the strategic-planning process. A risk appetite is established and aligned with strategy; business objectives put strategy into practice while serving as a basis for identifying, assessing, and responding to risk.
  - c. Performance: Risks that may impact the achievement of strategy and business objectives are identified and assessed. Risks are prioritised by severity in the context of risk appetite. The organisation then selects risk responses and takes a portfolio view of the amount of risk it has assumed. The results of this process are reported to key risk stakeholders.
  - d. Review and Revision: By reviewing entity performance, an organisation can consider how well the enterprise risk management components are functioning over time and in light of substantial changes, and what revisions are needed.
  - e. Information, Communication, and Reporting: Enterprise risk management requires a continual process of obtaining and sharing necessary information, from both internal and external sources, which flows up, down, and across the organisation.

To summarise, action plans are deliberated, acted upon and tracked to ensure health of the portfolio. The Board is kept informed periodically of the significant risks associated with the business of the Company and the various risk identification and mitigation processes put in place by the management.

## Directors' Responsibility Statement

Pursuant to section 134(3)(c) of the Companies Act 2013, the Directors, based on the representations received from the operating management after due enquiry, confirm that:

- a) In the preparation of the annual accounts for the financial year ended March 31, 2020, the applicable accounting standards have been followed along with proper explanation relating to material departures;
- b) They have, in the selection of the accounting policies, consulted the Statutory Auditors and have applied them consistently and made judgments and estimates that are reasonable and prudent to give a true and fair view of the Company as at 31st March 2020 and of the profit and loss of the Company for that period;
- c) The directors had taken proper and sufficient care to the best of their knowledge and ability for the maintenance of adequate accounting records in accordance with the provisions of the Act,

CIN: U65990TN2014PTC096252

for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;

- d) The directors had prepared the annual accounts on a going concern basis;
- e) The Board of Directors have laid down internal Financial Controls to be followed by the Company and that such internal financial controls are adequate and were operating effectively.
- f) The directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

## Conservation of energy, technology absorption

In term of Section 134(3) of the Companies Act 2013 read with Rule 8 of the Companies (Accounts) Rules 2014, requires the disclosure of particulars regarding conservation of Energy and Technology Absorption & Foreign Exchange Earnings and Outgo.

Samunnati has taken up the following initiatives towards energy conservation and technology absorption:

- linking buyers and sellers using online market linkage platforms like NCDEX and reducing the multiple movements of the produce thereby reducing transportation costs and carbon emissions.
- recycling and reduced usage of paper
- energy efficient lighting in its offices
- introduction of mobile based training app
- usage of solar power
- Video conference based meetings, reviews, planning and mobile based learning sessions help reduce carbon foot prints.

## Conservation of Energy-

No.	Particulars	
1	The steps taken or impact on conservation of energy	The Company is taking adequate steps to conserve the energy at all the levels and also implementing various measures for reduction in consumption of energy.

# Form No. MR-3 SECRETARIAL AUDIT REPORT

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

For the Financial Year ended 31st March 2020

To,
The Members,
Samunnati Financial Intermediation & Services Private Limited
Baid Hi Tech Park, 8<sup>th</sup> Floor, No 129 B, East Coast Road,
Thiruvanmiyur, Chennai – 600041.

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Samunnati Financial Intermediation & Services Private Limited** (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Samunnati Financial Intermediation & Services Private Limited's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the company, its officers, agents and authorized representatives during the conduct of secretarial audit and as per the explanations given to us and the representations made by the management, and considering the relaxations granted by the Ministry of Corporate Affairs due to the spread of the COVID-19 pandemic, we hereby report that in our opinion, the company has, during the audit period covering the financial year ended on 31<sup>st</sup> March, 2020 complied with the statutory provisions listed here under and also that the company has proper board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records made available to us and maintained by **Samunnati Financial Intermediation & Services Private Limited's** for the financial year ended on 31<sup>st</sup> March, 2020 according to the applicable provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder;
- ii. The Securities Contract (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;

- v. The following laws, regulations, directions, orders applicable specifically to the Company:
  - (a) Reserve Bank of India Act, 1934.
  - (b) Master Direction Non-Banking Financial Company Non-Deposit Accepting or Holding) Directions, 2016.
  - (c) Master Direction Non-Banking Financial Companies Auditor's Report (Reserve Bank) Directions, 2016.
  - (d) Master Direction- Non-Banking Financial Company Returns (Reserve Bank) Directions, 2016.
  - (e) Guidelines to Fair Practice Code.
  - (f) Guidelines for Asset-Liability Management (ALM) system in Non-Banking Financial Companies;
  - (g) 'Know Your Customer' (KYC) Guidelines Anti Money Laundering Standards (AML) 'Prevention of Money Laundering Act, 2002 Obligations of NBFCs in terms of Rules notified there under'.
  - (h) Raising money through Private Placement of NCDs by NBFCs RBI Guidelines.
  - (i) Master Direction Information Technology Framework for the NBFC Sector.
  - (j) Master Direction Monitoring of Frauds in NBFCs (Reserve Bank) Directions, 2016.
  - (k) Master Direction Miscellaneous Non-Banking Companies (Reserve Bank) Directions, 2016.
  - (l) Master Direction Non-Banking Financial Companies Acceptance of Public Deposits (Reserve Bank) Directions, 2016.
  - (m) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- vi. The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013
- vii. Other laws applicable to the Company as per the representations made by the Management.

With respect to Fiscal laws such as Income Tax, Goods and Service Tax we have reviewed the systems and mechanisms established by the Company for ensuring compliances under various Acts and based on the information and explanation provided to us by the management and officers of the Company and also on verification of

compliance reports taken on record by the Board of Directors of the Company, we report that adequate systems are in place to monitor and ensure compliance of fiscal laws as mentioned above.

We have also examined compliance with the applicable clauses of the following:

i. Secretarial Standards, i.e. SS-1 and SS-2 relating to 'Meetings of the Board of Directors' and 'General Meetings' respectively, issued by The Institute of Company Secretaries of India have been generally complied with.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that

The Board of Directors of the Company is duly constituted with the proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with provisions of the Act.

Certain meetings have been convened and held at short notice, notice has been given to all directors with an agenda and detailed notes on the agenda were sent/tabled at the meeting and a system exists for seeking further information and clarification on the agenda items before the meeting and for meaningful participation at the meeting.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

#### 1 Company Overview

Samunnati Financial Intermediation & Services Private Limited ('the Company') is an Non-Banking Financial Institution (NBFI) incorporated on 23 June 2014. The Company has received Certificate of Registration dated 25 February 2016 from the Reserve Bank of India to carry on the business of Non-Banking Financial Institution without accepting deposits. The Company provides secured and unsecured loans to farmers, farmer producer organizations, community based organizations and Agri-enterprises. The Company commenced active NBFI operations from the month of July 2016. The Company is an NBFC - Systemically Important Non-Deposit taking Company ('NBFC-ND-SI') per regulations of Reserve Bank of India ('RBI').

All amounts in the financial statements are presented in Indian Rupees (₹) except share data and as otherwise stated. Figures for the previous period have been regrouped / rearranged wherever considered necessary to conform to the figures presented in the current year.

#### 2 Summary of accounting policies

#### 2.1 Basis of accounting

The financial statements are prepared under the historic cost convention on accrual basis of accounting except interest in respect of non-performing loan assets are accounted for on cash basis in accordance with generally accepted accounting principles ("GAAP") applicable in India. GAAP comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2014, Companies (Accounting Standards) Amendment Rules, 2016 and the provisions of RBI as applicable to an NBFC-ND-SI. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The management evaluates all recently issued or révised accounting standards on an ongoing basis.

#### 2.2 Use of estimates

The preparation of the financial statements in conformity with GAAP requires the management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures of contingent liabilities as at the date of the financial statements and reported amounts of revenue and expenses for the year. The key estimates made by the Company in preparing these financial statements comprise future obligations under employee retirement benefit plans, sufficiency of future taxable income for recognition of deferred tax assets, provision for loan losses, provision for doubtful accounts and the useful lives of property, plant and equipment. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

### 2.3 Property, plant and equipment

#### (i) Tangible assets

Tangible assets are stated at acquisition cost less accumulated depreciation and impairment losses, if any. Cost of acquisition comprises of purchase price and directly attributable costs of bringing the asset to its working condition for the intended use and is net of refundable duties and taxes as applicable. Cost of assets not ready for the intended use before such date is disclosed as capital work in progress. Subsequent expenditure incurred on an item of tangible asset is added to the book value of that asset only if this increases the future benefits from the existing asset beyond its previously assessed standard of performance.

Gains or losses that arise on disposal or retirement of an asset are measured as the difference between net disposal proceeds and the carrying value of an asset and are recognised in the statement of profit and loss when the asset is derecognized.

Depreciation on assets is provided on straight line method over its estimated useful life prescribed under Schedule II of the Companies Act, 2013. Leasehold improvements are amortised over the estimated useful lives of the improvements made or the remaining primary lease period, whichever is less.

#### (ii) Intangible assets

intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, the intangible assets are carried at cost less accumulated amortization and accumulated impairment, if any. Software is stated at cost less accumulated amortization and are being amortized on a straight line basis over the estimated useful life.

The amortization period and method are reviewed at each balance sheet date. If the expected useful life of the asset is significantly different from the previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefit from the asset, the method of amortization is changed to reflect the changed pattern. Such changes are accounted in accordance with Accounting Standard (AS) 5, Net Profit or Loss for the Period, Prior Period Items and Changes in Accounting Policies.

#### 2.4 Impairment of assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. An asset's recoverable amount is the higher of an asset's or cash generating unit's net selling price and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows from continuing use that are largely independent of those from other assets or group of assets. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost and previously recognized impairment loss is accordingly reversed in the statement of profit and loss.

(All amounts are in Indian Rupees (₹), unless otherwise stated)

#### 2.5 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the collectability is reasonably assured.

Interest on loans is recognised on accrual basis (Internal rate of return/IRR) where as income from non--performing assets (NPA) is not recognised on accrual basis but is booked as income only when it is actually received as per RBI Guidelines.

Interest income on deposits with banks and financial institutions is recognized on time proportion basis taking into account the amount outstanding and the rate applicable.

Loan processing fees is accounted up-front as and when it becomes due.

Service fee is recognized on accrual basis in accordance with terms of the agreement.

#### Interest income on securitisation

The contractual right retained by the company to receive a portion of Interest ('Unrealised profits') arising at the time of securitization of loan portfolio (Excess Interest Spread-EIS) is recorded at present value and disclosed as "Interest strip on securitization" within "Other Assets" on the balance sheet. In accordance with the RBI guidelines, the unrealized profits in respect of securitized loan portfolio that is not due for collection is recorded at its present value and disclosed as "Interest strip on securitization" within "Other liabilities" on the balance sheet. Interest retained under securitization of loans is recognized on realization basis over the life of the underlying portfolio.

Losses arising on account of securitisation transactions are recognised in Statement of profit and loss immediately upon receipt of consideration.

#### 2.6 Investments

Investments, which are readily realisable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments. On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. Current investments are carried in the financial statements at fair value determined on an individual investment basis per provisions of R8I as applicable to an NBFC-ND-SI. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments. On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss. Investment made by a company in shares or debentures of another company, to promote the trade or business of the company is termed as trade investments, and all other investments are termed as non-trade investments.

# 2.7 Taxation

Provision for tax for the year comprises current income tax and deferred tax. Provision for current income tax is made based on the estimated tax liability in accordance with the relevant tax rates and tax laws.

Current tax is payable on taxable profits, which differ from profit or loss in the financial statements. Current tax is computed based on tax rates and tax laws that have been enacted or substantially enacted by the end of the reporting period.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. The carrying amount of deferred tax assets are reviewed by the Company at each balance sheet date and the carrying amount of a deferred tax asset is written down to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized.

Unrecognized deferred tax assets of earlier years are re-assessed and will be recognized to the extent that it has become reasonably certain that future taxable income are available against which such deferred tax assets can be realized.

The Company offsets deferred tax assets and deferred tax liabilities if the Company has a legally enforceable right to set off assets against liabilities representing current tax.

In computing current taxes the Company takes into consideration the benefits admissible under the provisions of the Income Tax Act, 1961. In cases wherever the tax liability computed as per above is less than the Minimum Alternate Tax (MAT), the Company is liable to pay the MAT, in accordance with Section 115JB of the Income Tax Act, 1961. MAT credit is recognized as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss account and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.

#### 2.8 Contingent liabilities and provisions

A provision is recognized when the Company has a present obligation as a result of past event i.e., it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. A disclosure of the contingent liability is made when there is a possible or a present obligation that may, but probably will not, require an outflow of resources.

(All amounts are in Indian Rupees (₹), unless otherwise stated)

#### 2.9 Earnings per equity share

Basic earnings per equity share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes, if any) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares). For the purpose of diluted earnings per share, the net profit for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for effects of all dilutive potential equity shares.

#### 2.10 Operating leases

Leases where the lessor effectively retains substantially, all the risks and benefits of ownership of the leased asset, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

#### 2.11 Transaction costs

Transaction costs are incremental costs that are directly attributable to the acquisition of share capital and borrowings. Transaction costs includes fees paid to advisors and levies regulatory agencies, including taxes and duties. Transaction costs incurred towards:

i) Issuance of share capital and debentures are adjusted from securities premium account to the extent of available in terms of Section 52 of the Companies Act 2013.

ii) Acquisition of borrowings is amortised over the tenure of borrowings.

#### 2.12 Employee benefits

Defined contribution plan: The Company makes contribution to statutory provident fund in accordance with Employees Provident Fund and Miscellaneous Provisions Act, 1952. Eligible employees receive benefits from the provident fund, which is a defined contribution plan. Both the employee and the Company make monthly contributions to the provident fund plan equal to specified percentage of the covered employee's basic salary. The Company has no further obligations under the plan beyond its monthly contributions. Contributions to provident fund are charged to the statement of profit and loss on accrual basis.

Defined benefit plan: The Company provides gratuity, a defined benefit retirement plan covering eligible employees. Liabilities related to the gratuity plan are determined by an independent actuarial valuation carried out using projected unit credit method as at the balance sheet date. Actuarial gain or loss is recognized immediately in the statement of profit and loss.

Compensated absences: Accumulated leaves, which are expected to be utilized within the next 12 months, are treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The company treats accumulated leaves which are expected to be carried forward beyond 12 months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The Company presents the leave as a current liability in the Balance Sheet to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

#### 2.13 Cash flow statement

Cash flows are reported using the indirect method, whereby profit before extraordinary items and tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, financing and investing activities of the Company are segregated based on the available information. Cash comprises of cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

## 2.14 Classification and provisioning of loan assets

The loans are classified and provided based on management's estimates, as detailed below, which are more prudent than the classification and provision norms required as per "Master Direction - Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016", DNBR.PD.008/03.10.119/2016-17, dated 01 September 2016, (as amended) issued by the RBI.

Asset classification (based on period of overdue in days)	Secured	Un-secured
Standard		
Less than or equal to 90 days	0.50%	0.50%
Sub-Standard		
91 days to 360 days	20%	20%
361 days to 450 days	20%	50%
Doubtful		
451 days to 810 days	30%	100%
811 days to 1170 days	50%	100%
Above 1171 days	100%	100%
Loss Asset	100%	100%

## 2.15 Foreign currency transactions

A foreign currency transaction is recorded, on initial recognition in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction. At reporting date, all monetary assets and liabilities denominated in foreign currency are restated at the year-end exchange rate. The exchange differences arising on such restatement and on settlement of the transactions are recognised in the Statement of profit and loss.

d) There were no shares issued pursuant to contract without payment being received in cash, allotted as fully paid up by way of bonus issues since incorporation of the Company.

## e) Terms and rights attached to equity shares

The Company has only one class of equity shares having a face value of ₹ 10 per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividends in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except interim dividend which can be approved by the Board of Directors. In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

#### f) Terms and rights attached to preference shares

The Company has issued Series A1, A2, A3, B, C and D compulsorily convertible preference shares having a face value of ₹ 10 per share. At the option of the holders, these shares, either in whole or in part, may be converted into equity shares in the ratio of 1:1 before the expiry of 19 years from the issuance of such compulsorily convertible preference shares. Each holder of the compulsorily convertible preference shares is entitled to one vote per share. Dividend on each compulsorily convertible preference shares is 0.01% per annum, subject to cash flow solvency, and such dividend shall be a preferred dividend. In the event of liquidation of the Company, the holders of compulsorily convertible preference shares shall have a preference over other share holders of the Company.

#### 10 Employee benefits

#### i) Gratuity

In accordance with applicable Indian laws, the Company provides for gratuity, a defined benefit retirement plan ("the Gratuity Plan") covering eligible employees. The Gratuity Plan provides for a lump sum payment to vested employees on retirement (subject to completion of five years of continuous employment), death, incapacitation or termination of employment that are based on last drawn salary and tenure of employment. The Company does not maintain any plan assets to fund its obligation towards gratuity liability.

The following table set out the status of the gratuity plan as required under Accounting Standard (AS) ~ 15 - Employee benefits and the reconciliation of opening and closing balances of the present value of the defined benefit obligation. The Company provides for gratuity liability under the provisions of the Payment of Gratuity Act, 1972. The Company does not maintain any plan assets to fund its obligation towards gratuity liability.

		Year ended	Year ended
		31 March 2020	31 March 2019
a)	Changes in the present value of the defined benefit obligation are as follows:		
	Projected benefit obligation at the beginning of the year	6,928,466	3,401,079

# 10 Employee Benefits (continued)

ii) Compensated absences

The Company permits encashment of compensated absences accumulated by their employees on retirement, separation and during the course of service. The liability in respect of the Company, for outstanding balance of privilege leave at the balance sheet date is determined and provided on the basis of actuarial valuation performed by an independent actuary. The Company does not maintain any plan assets to fund its obligation towards compensated absences.

1	Other Short Term Liabilities as a % of total public funds, total fiabilities and total assets	49.77%	44.73%	22.37%

#### (vi) Institutional set-up for Liquidity risk management

#### Nature of risk:

- a) Liquidity risk arises from mismatches in the timing of cash flows and loan collection defaults.
- b) Funding risk arises from:
- i) Inability to raise incremental borrowings to fund business requirement or repayment obligations
- ii) When assets cannot be funded at the expected term resulting in cashflow mismatches
- iii) Volatile market conditions impacting sourcing of funds from banks and money markets

#### Measurement, monitoring and management of risk

- Liquidity and funding risk is measured by:
- i) Identification of gaps in the structural and dynamic liquidity statements.
- ii) Assessment of incremental borrowings required for meeting the repayment obligation as well as the Company's business plan in line with prevailing market conditions.

#### Monitored by:

- i) assessment of the gap between visibility of funds and the near term liabilities given current liquidity conditions and evolving regulatory directions for NBFCs.
- ii) a constant calibration of sources of funds in line with emerging market conditions in banking and money markets
- iii) periodic reviews by Asset Liability Committee (ALCO) relating to the liquidity position and stress tests assuming varied 'what if scenarios and comparing probable gaps with the liquidity buffers maintained by the Company.

#### Managed by

The Company's treasury team under the guidance of ALCO through various means like liquidity buffers, sourcing of long term funds, positive asset liability mismatch, keeping strong pipeline of sanctions and approvals from banks and assignment of loans

Executive governance structure- Board appointed Asset Llability Committee (ALCO): The Company's ALCO monitors Asset Liability mismatches to ensure that there are no imbalances or excessive concentrations on either side of the Balance Sheet. The Company continuously monitors liquidity in the market. As a part of its Asset-Liability Management (ALM) strategy, the Company maintains a liquidity buffer managed by an active investment to reduce this risk. As on 31 March 2020, the Company has liquidity buffer of ₹ 118 crores. The Company maintains a judicious mix of borrowings from banks, NBFCs and other impact investors and continues to diversify its sources of borrowings. This strategy of balancing varied sources of funds has helped the Company to maintain a healthy asset liability position and contain interest rate movements. During the financial year 2019-20, the weighted average cost of borrowings moved down by 105 basis points despite volatile market conditions. The Company continues to evaluate new sources of borrowing by way of new routes of funding.

#### 38 Employee share based plan- ESOP 2015 Scheme

On 08 September 2015, the Board of Directors approved and the Company adopted the "Employees Stock Option Plan 2015" (the "Plan") under which not more than 62,500 shares of the Company's equity shares was reserved for issuance to employees. In the Board meeting dated 28 January 2017, 20 December 2017 and 29 April 2019 additional shares of 6,794 (nos), 70,368 (nos) and 115,000 (nos) respectively were added to the Plan, issued and allotted to ESOP Trust.

The options are to be granted to the eligible employees as per the eligibility criteria as determined by the Board of Directors. The share options vest in a graded manner over a period of 1- 4 years and are exercisable within 2 months of exercise event, failing which the options shall lapse.

The Stock compensation cost is computed under the intrinsic value method and has been recognised on a straight line basis over the vesting period upto 31 March 2020.

On 21 June 2018, the Board of Directors approved and the Company adopted the "Amendment to the Employees Stock Option Plan 2015" ("The Plan"). The amendment pertains to vesting period, exercise and grant of options to new joiners. The options to be granted to the eligible employees as per the eligibility criteria as determined by the Board of Directors. The share options vest in a graded manner over a period of 1-4 years and are exercisable within 2 months of exercise event, failing which the employees shall have to hold on till the next event arises. On 24 May 2019, the Board of Directors approved and the Company adopted the "Employees Stock Option Plan 2019". The amendment pertains to vesting period. Vesting of Options may now take place between three and four years in the manner, as may be decided by the Nomination and Remuneration Committee.

#### 38 Employee share based plan- ESOP 2015 Scheme (continued)

	No. of options as at 31 March 2020	Weighted average exercise price in ₹	No. of options as at 31 March 2019	Weighted average exercise price in ₹
Options outstanding at the beginning of the year	37,357	517	28,512	205
Granted during the year	23,480	3,753	9,025	1,520

#### 41 Disclosure on existence and nature of the contingency as at balance sheet date:

The SARS-CoV-2 virus responsible for COVID-19 continues to spread across the globe and India, which has contributed to a significant decline and volatility in global and Indian financial markets and a significant decrease in global and local economic activities. On March 11, 2020, the COVID-19 outbreak was declared a global pandemic by the World Health Organization. Numerous governments and companies, including the Company, have introduced a variety of measures to contain the spread of the virus. On March 24, 2020, the Indian government announced a strict 21-day lockdown which was further extended by 19 days across the country to contain the spread of the virus. The extent to which the COVID-19 pandemic will impact the Company's results will depend on future developments, which are highly uncertain, including, among other things, any new information concerning the severity of the COVID-19 pandemic and any action to contain its spread or mitigate its impact whether government-mandated or elected by the Company. In accordance with the RBI guidelines relating to COVID-19 Regulatory Package dated March 27, 2020, April 17,2020 and 23 May 2020, the Company would be granting a moratorium of three months plus three months (totally six months) on the payment of instalments and / or interest, as applicable, falling due between March 1, 2020 and May 31, 2020 to eligible borrowers classified as Standard, even if overdue, as on February 29, 2020. For such accounts where the moratorium is granted, the asset classification shall remain stand still during the moratorium period (i.e. the number of days past-due shall exclude the moratorium period for the purposes of asset classification under the income recognition, asset classification and provisioning norms). The Company holds adequate provision for the moratorium portfolio.

#### 42 Disclosure pursuant to RBI circular DOR.No.BP.BC.63/21.04.048/2020-21 dated 17 April 2020 pertaining to Asset Classification and Provision in terms of COVID 19 Regulatory Package

	As at
	31 March 2020
(i) Respective amounts in SMA/ overdue categories, where the moratorium/ deferment was extended	332,207,080
(ii) Respective amount where asset classification benefits is extended	332,207,080
(iii) Provisions made during the Q4 FY 2020	33,220,708
(iv) Provisions adjusted during the respective accounting periods against slippages and the residual provisions	, ·

#### 43 Commitments

	As at	As at
_	31 March 2020	31 March 2019
